# Food Experts

## High-quality gastronomic products

Since 1987, we've been your ally in life's best moments, helping improve your quality of life without giving up unique and unrepeatable flavor.

# LOW-CALORIE SWEETENERS

# Dulkré®

# Dulkré Classic

## LOW-CALORIE SWEETENER

Dulkré Classic is made with high-quality raw materials, carefully blended in the right proportions to deliver a sugar-like taste without the calories. It allows you to sweeten all kinds of foods and drinks, including those that require long cooking times, baking, or prolonged heating without losing its natural properties or sweetening power.

No aspartame

Zero calories

Sweetens both hot and cold beverages

Suitable for cooking

## Ingredients

Sucrose, artificial sweeteners:

/ 100g; sodium saccharin (benzoesulfimide sodium) 1560 mg

100g; Anti-caking agent: silicon dioxide I.N.S. 551.

## Equivalency

=

1 sachet = 2 teaspoons of sugar.

## Usage dosage

1 (0.8g) .....   
sachet sweeteners  
100g/cm<sup>3</sup> .....

# Dulkré Life

## SUCRALOSE-BASED SWEETENER

Dulkré Life is a sweetener made from sucralose.

It is the only sweetener that gets its flavor from sugar without the calories. Sucralose is 600 times sweeter than sugar, and when combined in a balanced way with other sweeteners, it provides an excellent flavor profile.

It is suitable for sweetening all kinds of foods and beverages - including those that require long cooking times and even citrus-flavored products.

No aspartame

Zero calories

Sweetens both hot and cold beverages

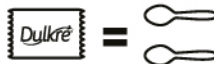

Suitable for cooking

## Ingredients

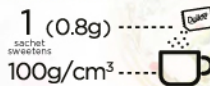

Sucrose; artificial sweeteners (acesulfame K 1750 mg/100 g, sucralose 860 mg/100 g); Anti-caking agent: I.N.S. 551 (silicon dioxide)

## Equivalency

1 sachet = 2 teaspoons of sugar.

## Usage dosage

# Dulkre Stevia

## STEVIA-BASED SWEETENER

Stevia is a low-calorie sweetener and sugar substitute derived from **the extract of the Stevia rebaudiana plant, making it a 100% natural low-calorie option. The sweetness of Stevia has a slower onset but a longer-lasting taste compared to regular sugar.** The difference is in the flavor. Our Stevia line has an excellent taste without the bitter aftertaste. We use only the finest raw materials to offer the best low-calorie sweetener based on stevia.

 **No aspartame**

 **Zero calories**

 **Sweetens both hot and cold beverages**

 **Suitable for cooking**

## Ingredients

Sucrose, stevia extract (steviol glycosides) 4.25%,  
Anti-caking agent: I.N.S. 551 (silicon dioxide)

## Equivalency

1 sachet = 2 teaspoons of sugar.

## Usage dosage

# Dulkré Fructofibra

FUNCTIONAL SWEETENER WITH PREBIOTICS & SUCRALOSE

Dulkré Fructofibra is a functional sweetener because, while sweetening your foods and beverages, its exclusive components (prebiotics) provide health benefits to the body, contributing to your overall well-being. Fructofibra is a unique combination of active, non-digestible, soluble prebiotic fibers, designed to create a potent prebiotic effect. Once ingested, this fiber reaches the large intestine without altering its structure, and it's there where it begins to work beneficially, producing: Qualitative and quantitative changes in the intestinal microflora, improved digestive health and as a result enhanced overall quality of life.

No aspartame

Zero calories

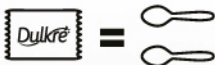

Sweetens both hot and cold beverages

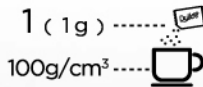

Suitable for cooking

# Salkré

FINE SALT WITH REDUCED SODIUM

U PARVE

# Salkré<sup>®</sup>

Light

Salkré is a fine salt with reduced sodium content, **containing 66% less sodium than regular table salt**. In general, salt consumption tends to exceed our actual physiological needs. That's why including low-sodium salt in your diet provides multiple health benefits. Additionally, Salkré contains potassium iodate, which helps maintain stable potassium levels in your body.

**66%** Less Sodium

Potassium enriched

Enhances flavor

# HYDROLYSED WHEY PROTEIN

HYDROLYZED WHEY PROTEIN-BASED PRODUCT

## PDCASS = 1

Whey protein contains all essential amino acids. It is especially high in branched-chain amino acids (BCAAs). This is a simple and rich way to add protein to your diet. Additionally, since it is concentrated, it contains virtually no fat or lactose.

## /INGREDIENTS

Whey protein concentrate

## NUTRITION FACTS

Serving size: 30 grams  
(1 heaping scoop provided in the package)  
Serving per container: 8 (250 g bag), 16 (500 g bag),  
33 (1000 g bag)

	Per serving	% Daily Value per serving(*)
Energy	130 Kcal / 547 kJ	5%
Carbohydrates (g)	2.7	0.9%
Protein (g)	24	33%
Total Fat (g)	3	5.5%
Sodium (mg)	0	-

(\*) Daily values are based on a 2,000 kcal or 8,400 kJ diet. Your daily values may be higher or lower depending on your energy needs.

## /AMINO ACID PROFILE

**Per 100g:** Alanine 4.2%, Arginine 2.2%, Aspartic Acid 11.5%, Cysteine 2.5%, Glutamic Acid 18.6%, Glycine 1.7%, Histidine 1.6%, Isoleucine 7.1%, Leucine 11.5%, Lysine 10.3%, Methionine 2.5%, Phenylalanine 3.2%, Proline 6.9%, Serine 5.2%, Threonine 7.7%, Tryptophan 1.8%, Tyrosine 3.1%, Valine 6.3%.

# SOY ISOLATE PROTEIN

## SOY PROTEIN ISOLATE-BASED FOOD

### PDCASS = 0,9

It has a complete amino acid profile, meaning it provides the full spectrum of amino acids (both essential and non-essential). Therefore, its biological value is comparable to that of animal protein—something only soy offers among plant-based proteins.

Additionally, since it is isolated, it contains virtually no fat or carbohydrates. It has a pleasant taste, making it easy to incorporate into meals and beverages.

### /INGREDIENTS

Isolated soy protein

### NUTRITION FACTS

Serving size: 30 grams

# PEA & RICE PROTEIN

PEA AND RICE PROTEIN ISOLATE-BASED FOOD

## PDCASS = 1

Pea protein has a strong amino acid profile, including a high amount of branched-chain amino acids (BCAAs).

When combined with rice protein, it delivers a complete amino acid profile with a PDCAAS of 1, making our plant-based protein blend highly nutritious.

It is also easy to digest, non-inflammatory, vegan, and vegetarian.

## /INGREDIENTS

Pea protein isolate, rice protein isolate

## HYDROLYZED WHEY PROTEIN-BASED FOOD

COMBINES HYDROLYZED PROTEIN, DOUBLE HYDROLYZED COLLAGEN, MAGNESIUM, AND POTASSIUM.

Hydro Whey Protein is a **concentrate of whey protein that has been hydrolyzed to improve digestibility.**

In addition to helping meet your daily protein and amino acid needs and supporting muscle development, it also contains magnesium, potassium, and double hydrolyzed collagen, which may benefit muscle recovery and help protect joints and tendons.

## ★ BENEFITS

- May help improve muscle mass gain.
- May help enhance muscle recovery and relaxation.
- May support joint function and range of motion.

## INGREDIENTS

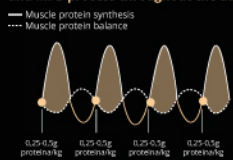

80% Hydrolyzed Whey Protein, Double Hydrolyzed Collagen, Potassium Chloride, Magnesium Citrate, L-Leucine, Flavoring: Vanilla, Anti-caking agent: Silicon Dioxide, L-Isoleucine, Flavoring: American Cream, L-Valine, Sweetener: Sucralose, Bitterness Masking Agent.

## PREPARATION

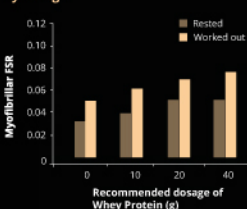

Dissolve 1 sachet in 200 ml of water. You can consume it on its own or add it to your shake.

### Schematic representation of the MPS and MPB process throughout the day

# HYDRO WHEY PROTEIN

## MUSCLE RECOVERY AND RELAXATION

BOOST YOUR MUSCLE RECOVERY AND MAXIMIZE YOUR PERFORMANCE

### POWER WORKOUT

GENERAL PREPARATION

PRE COMPETITION

INTRA COMPETITION

### POST WORKOUT

RECOVERY

15 SACHETS OF 34G

MADE IN ARGENTINA

GLUTEN FREE

## HYDROLYZED WHEY PROTEIN-BASED FOOD

COMBINES HYDROLYZED PROTEIN, DOUBLE HYDROLYZED COLLAGEN, MAGNESIUM, AND POTASSIUM.

Hydro Whey Protein is a **concentrate of whey protein that has been hydrolyzed to improve digestibility.**

In addition to helping meet your daily protein and amino acid needs and supporting muscle development, it also contains magnesium, potassium, and double hydrolyzed collagen, which may benefit muscle recovery and help protect joints and tendons.

## ★ BENEFITS

- May help improve muscle mass gain.
- May help enhance muscle recovery and relaxation.
- May support joint function and range of motion.

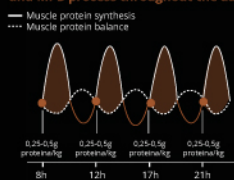

## 🧪 INGREDIENTS

80% Hydrolyzed Whey Protein, Double Hydrolyzed Collagen, Potassium Chloride, Magnesium Citrate, L-Leucine, Flavoring, Chocolate, Anti-caking agent: Silicon Dioxide, L-Isoleucine, Flavoring: American Cream, L-Valine, Sweetener: Sucralose, Bitterness Masking Agent.

## 🥤 PREPARATION

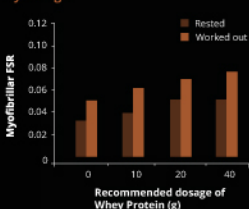

Dissolve 1 sachet in 200 ml of water. You can consume it on its own or add it to your shake.

### Schematic representation of the MPS and MPB process throughout the day

# LOW G.I.

## REHYDRATION & ENHANCED PERFORMANCE

REPLENISH ENERGY, WATER, AND ELECTROLYTES LOST THROUGH SUSTAINED PHYSICAL ACTIVITY OVER TIME.

MADE IN ARGENTINA

## CARBOHYDRATE-BASED SUPPLEMENT WITH ELECTROLYTES AND VITAMIN COMPLEXES

LOW GLYCEMIC INDEX.

This is a **rehydrating and reenergizing drink that provides a combination of essential minerals** typically lost through sweat during physical activity (mainly sodium, potassium, and magnesium). It also contains isomaltulose as the only carbohydrate source, which may contribute to more stable and long-lasting energy release over time.

This drink also provides B-complex vitamins (B5, B2, B6, B12, and folic acid), which play a key role in vital functions such as oxygen transport and energy production. Additionally, it includes branched-chain essential amino acids (BCAAs) that may enhance performance and support muscle recovery.

### ★ BENEFITS

May help replenish losses caused by physical exercise

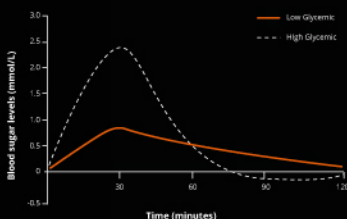

Provides sustained energy over time

Drink with controlled osmotic level

### 🧪 INGREDIENTS

Isomaltulose, Citric Acid, Sodium Citrate, Anti-caking Agent: Silicon Dioxide, Stabilized Magnesium Citrate, Stabilized Calcium Phosphate, Stabilized Potassium Chloride, Flavoring: Orange, Malic Acid, L-Leucine, L-Glutamine, Taurine, L-Isoleucine, L-Valine, Vitamin C, Vitamin Complex, Liposomal Iron Sulfate, Stabilized Zinc Gluconate, Sweetener: Sucralose

Blood sugar level according to the consumption of carbohydrates with high or low glycemic index

### PREPARATION

Dissolve 1 sachet in 250 ml of water

ISOTONIC DRINK WITH LOW GI

# HIGH G.I.

## REHYDRATION & ENHANCED PERFORMANCE

REPLENISH ENERGY, WATER, AND ELECTROLYTES LOST THROUGH SUSTAINED PHYSICAL ACTIVITY OVER TIME.

SUPPLEMENT MADE WITH SIMPLE CARBOHYDRATES, ELECTROLYTES, AND VITAMIN COMPLEXES  
HIGH GLYCEMIC INDEX.

This is a **rehydrating and reenergizing drink that provides a combination of essential minerals** commonly lost through sweat during physical activity (mainly sodium, potassium, and magnesium). It also contains different types of fast-absorbing carbohydrates that contribute to quick energy recovery. This drink also provides B-complex vitamins (B5, B2, B6, B12, and folic acid), which play a key role in vital functions such as oxygen transport and energy production. Additionally, it includes branched-chain essential amino acids (BCAAs) that may help improve performance and support muscle recovery.

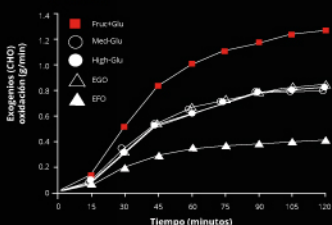

### ★ BENEFITS

- May help replenish losses caused by physical exercise.
- Provides quickly available energy.
- Beverage with controlled osmotic level.

### 🧪 INGREDIENTS

Maltodextrin, Sucrose, Fructose, Dextrose, Citric Acid, Sodium Citrate, Anti-caking agent: Silicon Dioxide, Stabilized Magnesium Citrate, Stabilized Calcium Phosphate, Stabilized Potassium Chloride, Flavoring: Orange Flavor, Malic Acid, L-Leucine, L-Glutamine, L-Taurine, L-Isoleucine, L-Valine, Vitamin C, Vitamin B Complex, Liposomal Iron Sulfate, Stabilized Zinc Gluconate, Sweetener: Sucralose.

Exogenous carbohydrate oxidation over time, according to different carbohydrate intake protocols

Kreider, R.B., Kalfman, D.S., Antonio, J. (2017). <https://doi.org/10.1186/s12970-017-0173-7>

# SMART CARB

## SUSTAINED ENERGY OVER TIME

CARBOHYDRATE MODULE WITH 100% ISOMALTULOSE.

### CARBOHYDRATE-BASED SUPPLEMENT

CARBOHYDRATE MODULE. 100% ISOMALTULOSE.

This carbohydrate module is formulated for moderate, endurance, and long-duration sports. Its 100% isomaltulose-based formula allows it to provide a sustained energy source that may help enhance performance during training or long-duration competitions.

On the other hand, consuming carbohydrates after training or competition helps replenish hepatic and muscle glycogen stores, which can help prevent muscle breakdown and catabolism, and may also support muscle mass gain and tissue recovery.

### ★ BENEFITS

Provides sustained energy over time.

May help prevent muscle catabolism.

May help regulate blood glucose: carbohydrate supplements can help maintain more stable blood glucose levels during prolonged physical activity.

### 🧪 INGREDIENTS

Isomaltulose

### 🥄 PREPARATION

Dissolve 1 sachet in 250 ml of water

15 SACHETS OF 15G

ADD IT TO YOUR PRE OR POST WORKOUT SHAKES

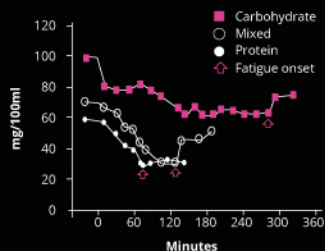

MADE IN ARGENTINA

# CARBO ENERGY PLUS

FAST-RELEASE ENERGY

BLEND OF CALORIC SWEETENERS

MADE IN ARGENTINA

## CARBOHYDRATE-BASED SUPPLEMENT CARBOHYDRATE MODULE.

The carbohydrate module is a supplement designed for high-intensity sports. It contains an intelligent blend of **Sucrose (30%)**, **Dextrose (23%)**, **Maltodextrin (23%)**, and **Fructose (23%)**—fast-absorbing carbohydrates that optimize short-term energy availability. Its intake after exercise may help replenish glycogen stores, potentially aiding in the prevention of muscle catabolism and improving tissue recovery.

### ★ BENEFITS

May provide fast-available energy.

May help prevent muscle catabolism.

Potential to support muscle mass gain: By optimizing energy levels and promoting muscle recovery, this carbohydrate module may help support muscle mass increase.

### 🧪 INGREDIENTS

Sucrose, Dextrose, Maltodextrin, Fructose, Anti-caking agent: Silicon Dioxide.

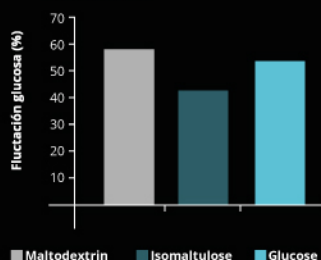

### 🥛 PREPARATION

Dissolve 1 sachet in 250 ml of water

# GREEN POWER

## NATURAL ENERGY THAT BOOSTS YOUR WORKOUT

IPRE-WORKOUT MADE WITH VARIOUS NATURAL EXTRACTS DESIGNED TO ACTIVATE AND ENHANCE YOUR PERFORMANCE

15 SACHETS OF 3G

MADE IN ARGENTINA

GLUTEN FREE

### PLANT EXTRACT-BASED SUPPLEMENT

MAY INCREASE ENDURANCE AND REDUCE MUSCLE FATIGUE

GREEN POWER is a pre-workout made from natural extracts, which **combines the energy and stimulation of the CNS provided mainly by caffeine and ginseng with the protection and antioxidant effect of vitamin C and green tea polyphenols**, seeking to enhance CNS activation, physical capacity and cognitive performance. In addition to the energy provided by the daily intake of these components, the production of nitric oxide can also be improved, helping to increase oxygen delivery during submaximal exercise, which may help improve exercise tolerance and performance.

### ★ BENEFITS

- May help improve pre-exercise activation and increase time to fatigue.
- May help improve performance.
- May help reduce oxidative stress caused by free radicals due to physical activity.

### 🧪 INGREDIENTS

Blend of plant extracts: Guarana seed extract, Citric acid, Beetroot, Grape seed extract, Raspberry flavor, Vitamin C, Raspberry flavor, Gooseberry / açai, Ginseng, Mango, Green tea, Olive extract, Green tea extract.  
Anti-caking agent: Silicon dioxide  
Sweeteners: Sucralose and Acesulfame K.

### PREPARATION

Dissolve 1 sachet in 200 ml of water. You can consume it on its own or mix it into your shake.

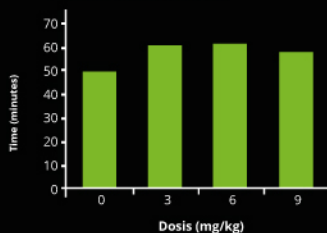

### GREEN POWER

# PURE BETA ALANINE

LESS FATIGUE, MORE TRAINING

BOOSTS ENDURANCE AND REDUCES MUSCLE FATIGUE

## POWER WORKOUT

15 SACHETS OF 3G

USE DAILY

MADE IN ARGENTINA

## BETA-ALANINE-BASED FOOD

MAY HELP BOOST ENDURANCE AND REDUCE MUSCLE FATIGUE

Beta-alanine is a precursor of Carnosine, a key dipeptide for sports performance. Carnosine acts as a buffer for hydrogen ions produced during anaerobic glycolysis, a crucial process for generating energy during high-intensity sports. Beta-alanine may improve tolerance to lactic acid, potentially delaying muscle fatigue and, in turn, helping to improve endurance, performance, and post-exercise recovery.

## ★ BENEFICIOS

May help delay the onset of muscle fatigue.

May contribute to improved athletic performance.

## 🧪 INGREDIENTES

Beta-Alanine.

## 🥤 PREPARACIÓN

Dissolve 1 sachet in 200 ml of water. You can drink it on its own or mix it into your shake.

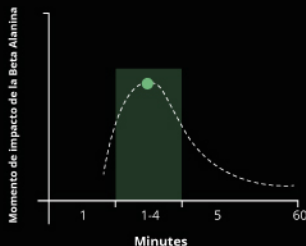

### BETA ALANINE

Serving size: 5 g

Nutrition Facts	Per serving	%Daily Value (*)
Energy	0 Kcal / KJ	0
Carbohydrates	0	0

# CAFFEINE

## ANHYDROUS CAFFEINE PILLS

CAFFEINE SOURCE FOR YOUR WORKOUT

MADE IN ARGENTINA

60 PASTILLAS

### ANHYDROUS CAFFEINE SUPPLEMENT

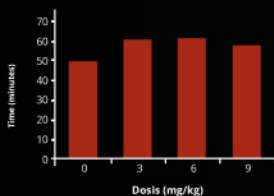

**Anhydrous caffeine** pills offer a concentrated and efficient way to consume caffeine, ideal for sports performance due to their ability to activate the central nervous system and reduce the sensation of fatigue.

In a **dehydrated and fast-absorbing form**, each pill provides 200 mg of caffeine, delivering a potent dose that **enhances energy and focus** — two key factors for improving performance during exercise and sports competitions.

### ★ BENEFITS

Increases stimulation of the central nervous system, reducing the sensation of fatigue.

Enhances concentration capacity.

Graham, T. E., & Spriet, L. L. (1995)

### NUTRITIONAL INFORMATION – CAFFEINE

Serving Size: 1 tablet | 0.84 g

Nutrition Facts	Per serving	% Daily Value (*)
Energy	0 kcal	0
Carbohydrates	0,6 g	0,2
Total sugar	0,5 g	-
Added sugar	0,5 g	-
Caffeine	200 mg	-

Does not provide significant amounts of energy, protein, total fat, saturated fat, trans fat, dietary fiber, or sodium.

(\*) Daily values are based on a 2,000 kcal or 8,400 kJ diet. Your daily values may be higher or lower depending on your energy needs. Contains caffeine.

### 🧪 INGREDIENTS

Anhydrous caffeine, AGC: lactose, EST: microcrystalline cellulose (INS 460), magnesium stearate (INS 470b).

Activation of the nervous system

Reduced perception of effort

Delayed fatigue

Improved performance

### 🥤 PREPARATION

#### RECOMMENDED DAILY INTAKE

**How to take one serving?** Take 1 tablet with 200 mL of water, 45 to 60 minutes before physical activity. Do not exceed the recommended maximum daily dose (1 tablet).

#### ¿CUÁNDO CONSIDERAR SU USO?

- Endurance sports (>60 minutes)
- Team and intermittent sports
- Sports involving high-intensity effort (1–60 min)
- Short efforts involving strength or power

ENERGY BOOST BEFORE TRAINING IN SPECIFIC SITUATIONS OF FATIGUE PRIOR TO A SESSION (DO NOT OVERUSE)

# GAINER WHEY PROTEIN

SOURCE OF PROTEIN AND ENERGY TO COMPLEMENT YOUR DAILY ROUTINE

POWER WORKOUT

GENERAL PREPARATION

PRE COMPETITION

INTRA COMPETITION

POST WORKOUT

RECOVERY

1.5kg

USE DAILY & AFTER TRAINING

MADE IN ARGENTINA

GLUTEN FREE

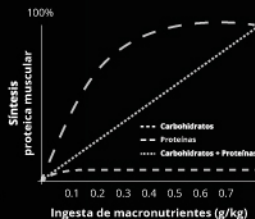

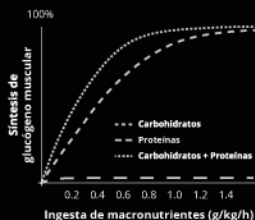

DIETARY SUPPLEMENT BASED ON CARBOHYDRATES AND CONCENTRATED WHEY PROTEIN.

**Gainer Whey Protein** by Dulkre Sport is a supplement that combines a blend of 60 grams of carbohydrates from multiple intestinal transporters (sucrose, dextrose, fructose, and maltodextrin), while also providing 24.4 grams of whey protein. This combination delivers 2.8 grams of leucine and 6 grams of BCAA per 90-gram serving. This blend is ideal for post-workout use, as it **helps you reach your energy and protein goals** in a simple, convenient, and delicious way.

## ☆ BENEFICIOS

May help increase muscle mass and weight in athletes with high energy demands.

Supports the recovery of muscle glycogen and the repair of damaged tissues due to exercise, thanks to its combined contribution of carbohydrates and high biological value proteins.

## 🧪 INGREDIENTES

Concentrated whey protein, sucrose, dextrose, fructose, maltodextrin, cocoa powder, ANAH: silicon dioxide (INS 551), Flavor: banana, Flavor: cream.

## 🥛 PREPARACIÓN

Dissolve 90 grams (2 servings or "scoops") in 500 ml of potable water or preferably skim milk. Consume after training.

**NUTRITIONAL INFORMATION - GAINER WHEY PROTEIN - BANANA**

May help increase muscle mass and weight in athletes with high energy demands.

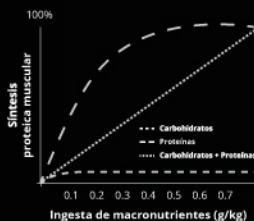

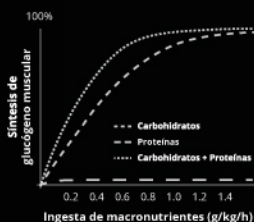

Supports the recovery of muscle glycogen and the repair of damaged tissues due to exercise, thanks to its combined contribution of carbohydrates and high biological value proteins.

## 🧪 INGREDIENTS

Concentrated whey protein, sucrose, dextrose, fructose, maltodextrin, cocoa powder, ANAH: silicon dioxide (INS 551), Flavor: banana, Flavor: cream.

## 🥄 PREPARATION

Dissolve 90 grams (2 servings or "scoops") in 500 ml of potable water or preferably skim milk. Consume after training.
